Family Health Team

Dear Health Care Providers,

### **RE: INCREASE IN GENITAL WART TREATMENTS**

Currently, the Haliburton, Kawartha, Pine Ridge District Health Unit does not have a physician practising in our Sexual Health Clinics in Port Hope and Cobourg. Our nurses are not able to provide genital wart treatments.

Since a large number of wart treatments were performed in our clinics, you may see an increased number of patients presenting to your facility seeking treatment for genital warts.

We appreciate your assistance in treating these additional patients, until we are able to secure a clinic physician.

Should you have any questions or concerns, please do not hesitate to contact Shawn Woods, Manager, Communicable Disease Control, Epidemiology and Evaluation (905) 885-9100 Ext. 1290
