

Smoking frequency, adults (18+), HKPR district, RRFSS, January – December 2010

Table 1: Smoking frequency, adults (18+)

| Smoking frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
|-------------------|------------|----------------------------|----------------------------|
| Current | 18.6% | 16.3% | 21.1% |
| Former | 38.9% | 36.0% | 41.9% |
| Never | 42.5% | 39.6% | 45.5% |

Sample size: 1202

Figure 1: Smoking frequency, adults (18+)

Interpretation:

18.6% (+/-3%) of adults (18+) are current smokers.

38.9% (+/-3%) of adults (18+) are former smokers.

42.5% (+/-3%) of adults (18+) have never smoked.

Smoking frequency by county, adults (18+), HKPR district, RRFSS, January – December 2010

Table 2: Smoking frequency by county, adults (18+)

| Haliburton | | | |
|--------------------------|-------------------|-----------------------------------|-----------------------------------|
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current Smoker | 13.4% | 9.0% | 19.7% |
| Former Smoker | 41.7% | 33.8% | 50.1% |
| Never Smoked | 44.8% | 36.8% | 53.1% |
| CKL | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current Smoker | 21.1% | 17.5% | 25.3% |
| Former Smoker | 39.0% | 34.6% | 43.6% |
| Never Smoked | 39.9% | 35.5% | 44.5% |
| Northumberland | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current Smoker | 17.6% | 14.4% | 21.3% |
| Former Smoker | 38.0% | 33.7% | 42.5% |
| Never Smoked | 44.4% | 40.0% | 49.0% |

Sample size: 1202

Figure 2: Smoking frequency by county, adults (18+)

Interpretation:

- 13.4% (+/-6%) of adults (18+) surveyed in Haliburton are current smokers.
- 21.1% (+/-4%) of adults (18+) surveyed in the City of Kawartha Lakes are current smokers.
- 17.6% (+/-4%) of adults (18+) surveyed in Northumberland are current smokers.
- 41.7% (+/-8%) of adults (18+) surveyed in Haliburton are former smokers.
- 39.0% (+/-5%) of adults (18+) surveyed in City of Kawartha Lakes are former smokers.
- 38.0% (+/-5%) of adults (18+) surveyed in Northumberland are former smokers.
- 44.8% (+/-8%) of adults (18+) surveyed in Haliburton have never smoked.
- 39.9% (+/-5%) of adults (18+) surveyed in City of Kawartha Lakes have never smoked.
- 44.4% (+/-5%) of adults (18+) surveyed in Northumberland have never smoked.

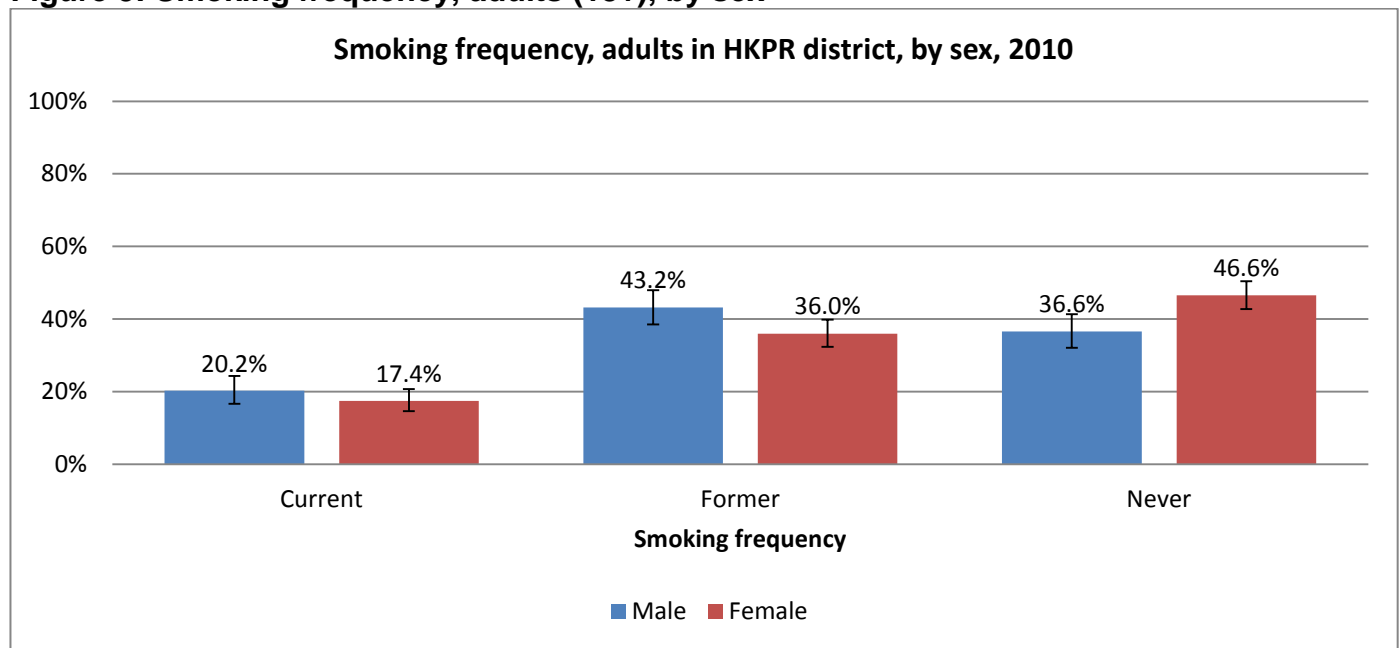

Smoking frequency, adults (18+), by sex, HKPR district, RRFSS, January – December 2010

Table 3: Smoking frequency, adults (18+), by sex

| Smoking frequency | Males | | | Females | | |
|-------------------|------------|----------------------------|----------------------------|------------|----------------------------|----------------------------|
| | Proportion | 95% lower confidence limit | 95% upper confidence limit | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current | 20.2% | 16.7% | 24.3% | 17.4% | 14.6% | 20.7% |
| Former | 43.2% | 38.5% | 48.0% | 36.0% | 32.4% | 39.8% |
| Never | 36.6% | 32.1% | 41.4% | 46.6% | 42.7% | 50.4% |

Sample size: 1202

Figure 3: Smoking frequency, adults (18+), by sex

Interpretation:

- 20.2% (+/-4%) of male adults (18+) are current smokers.
- 17.4% (+/-3%) of female adults (18+) are current smokers.
- 43.2% (+/-5%) of male adults (18+) are former smokers.
- 36.0% (+/-5%) of female adults (18+) are former smokers.
- 36.6% (+/-3%) of male adults (18+) have never smoked.
- 46.6% (+/-4%) of female adults (18+) have never smoked.

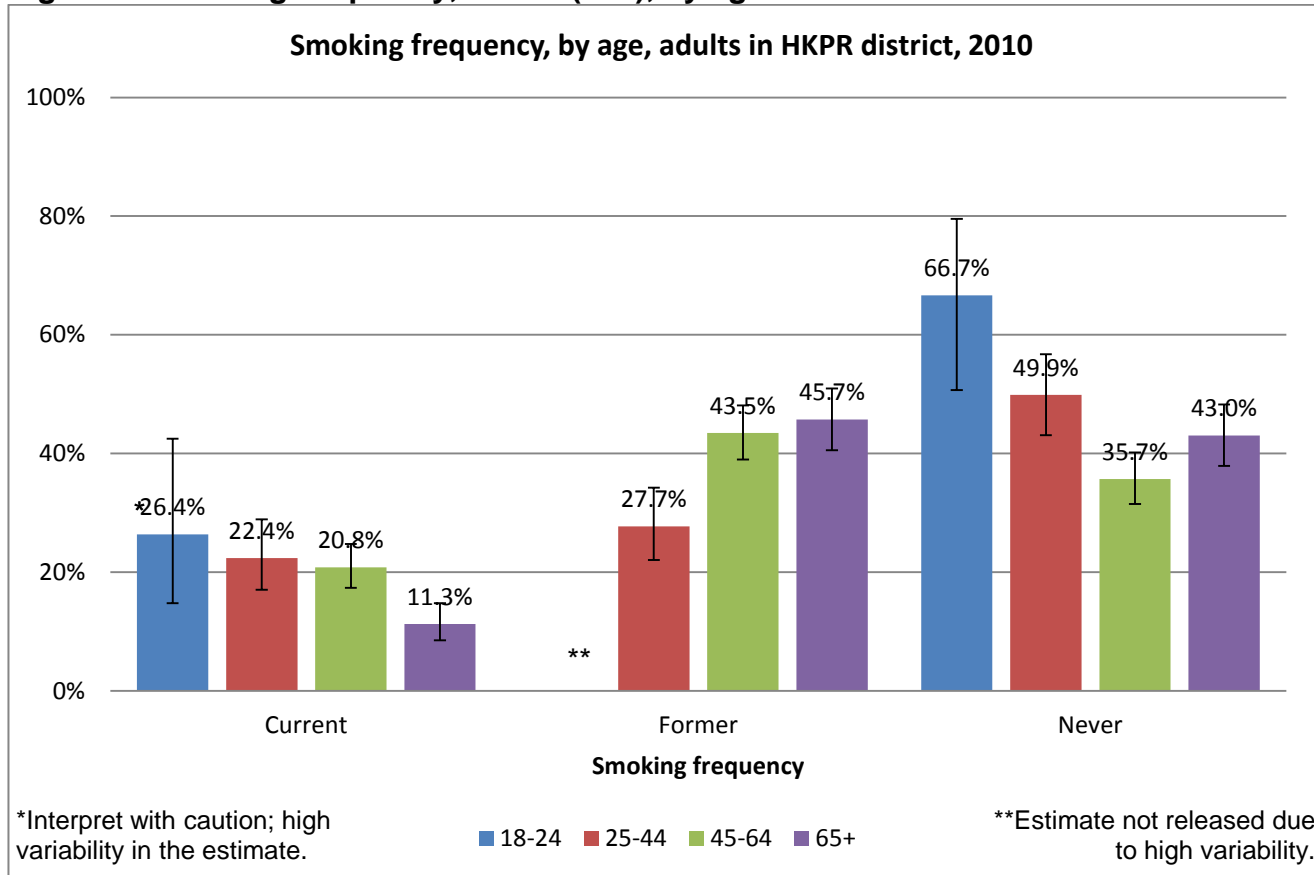

Smoking frequency, adults (18+), by age, HKPR district, RRFSS, January - December 2010

Table 4: Smoking frequency, adults (18+), by age

| Current Smoker | | | |
|--------------------------|-------------------|-----------------------------------|-----------------------------------|
| Age Group | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| 18-24 | *26.4% | 14.8% | 42.5% |
| 25-44 | 22.4% | 17.0% | 28.9% |
| 45-64 | 20.8% | 17.4% | 24.8% |
| 65+ | 11.3% | 8.5% | 14.8% |
| Former | | | |
| Age Group | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| 18-24 | ** | 2.5% | 18.2% |
| 25-44 | 27.7% | 22.0% | 34.2% |
| 45-64 | 43.5% | 39.0% | 48.1% |
| 65+ | 45.7% | 40.6% | 51.0% |
| Never | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| 18-24 | 66.7% | 50.7% | 79.5% |
| 25-44 | 49.9% | 43.1% | 56.7% |
| 45-64 | 35.7% | 31.5% | 40.2% |
| 65+ | 43.0% | 37.9% | 48.3% |

Sample size: 1190

Figure 4: Smoking frequency, adults (18+), by age

Interpretation:

- *26.4% (+/-16%) of adults 18-24 are current smokers.
- 22.4% (+/-7%) of adults 25-44 are current smokers.
- 20.8% (+/-4%) of adults 45-64 are current smokers.
- 11.3% (+/-4%) of adults 65+ are current smokers.
- 27.7% (+/-7%) of adults 25-44 are former smokers.
- 43.5% (+/-5%) of adults 45-64 are former smokers.
- 45.7% (+/-5%) of adults 65+ are former smokers.
- 66.7% (+/-13%) of adults 18-24 have never smoked.
- 49.9% (+/-7%) of adults 25-44 have never smoked.
- 35.7% (+/-5%) of adults 45-64 have never smoked.
- 43.0% (+/-5%) of adults 65+ have never smoked.

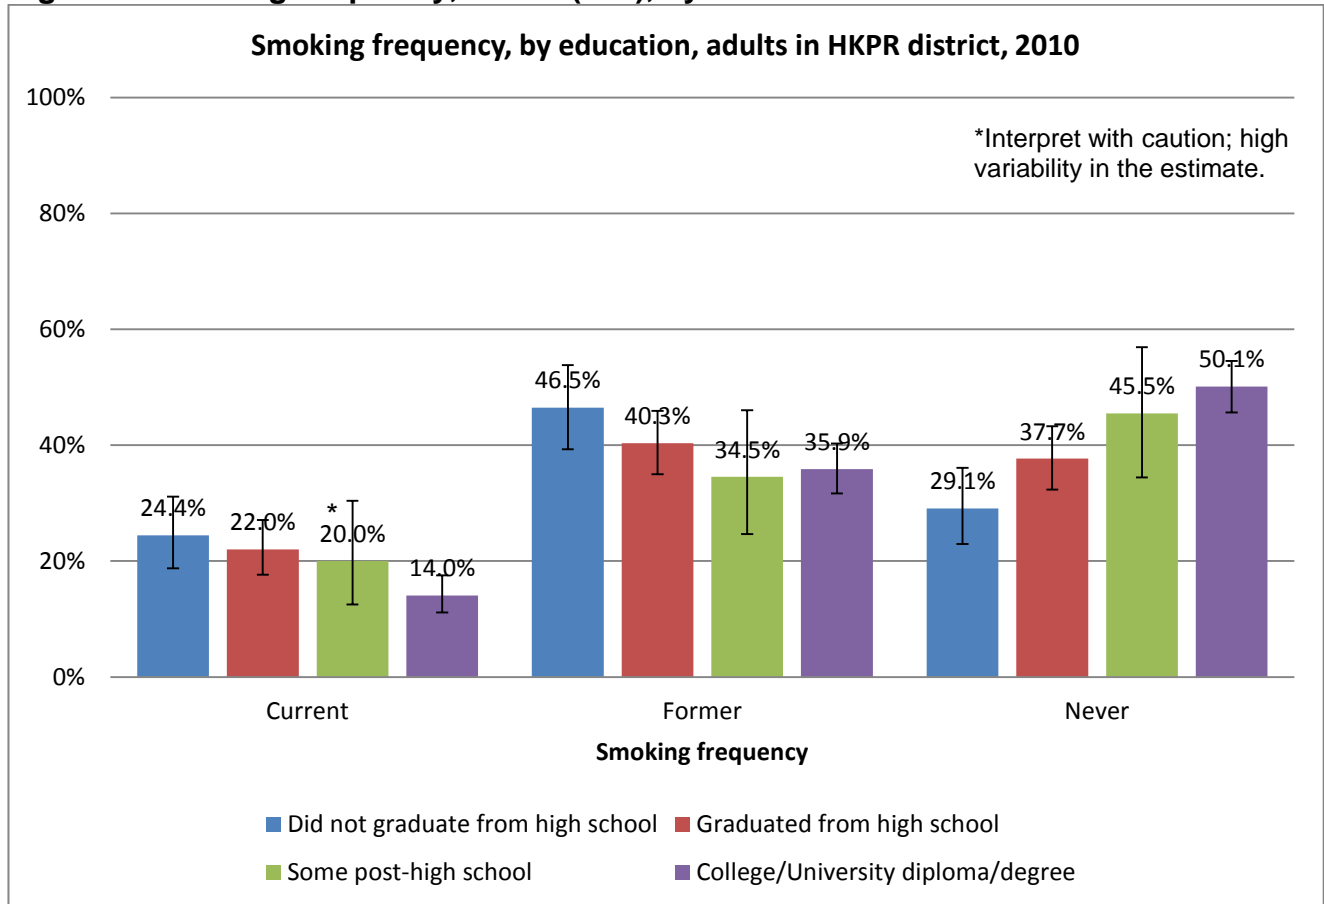

Smoking frequency, adults (18+), by education, HKPR district, RRFSS, January - December 2010

Table 4: Smoking frequency, adults (18+), by education

| Did not graduate from high school | | | |
|--|-------------------|-----------------------------------|-----------------------------------|
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current | 24.4% | 18.8% | 31.1% |
| Former | 46.5% | 39.3% | 53.8% |
| Never | 29.1% | 23.0% | 36.1% |
| Graduated from high school | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current | 22.0% | 17.6% | 27.1% |
| Former | 40.3% | 35.0% | 45.9% |
| Never | 37.7% | 32.4% | 43.3% |
| Some post-high school | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current | *20.0% | 12.5% | 30.4% |
| Former | 34.5% | 24.6% | 46.0% |
| Never | 45.5% | 34.4% | 56.9% |
| College/university diploma/degree | | | |
| Smoking Frequency | Proportion | 95% lower confidence limit | 95% upper confidence limit |
| Current | 14.0% | 11.1% | 17.6% |
| Former | 35.9% | 31.7% | 40.3% |
| Never | 50.1% | 45.6% | 54.6% |

Sample size: 1187

Figure 4: Smoking frequency, adults (18+), by education

Interpretation:

24.4% (+/-7%) of adults (18+) who did not graduate from high school are current smokers.
 22.0% (+/-5%) of adults (18+) who graduated from high school are current smokers.
 *20.0% (+/-10%) of adults (18+) who have some post-high school are current smokers.
 14.0% (+/-4%) of adults (18+) who have a college/university diploma/degree are current smokers.
 46.5% (+/-7%) of adults (18+) who did not graduate from high school are former smokers.
 40.3% (+/-6%) of adults (18+) who graduated from high school are former smokers.
 34.5% (+/-12%) of adults (18+) who have some post-high school are former smokers.
 35.9% (+/-4%) of adults (18+) who have a college/university diploma/degree have never smoked.
 29.1% (+/-7%) of adults (18+) who did not graduate from high school have never smoked.
 37.7% (+/-6%) of adults (18+) who graduated from high school have never smoked.
 45.5% (+/-11%) of adults (18+) who have some post-high school have never smoked.
 50.1% (+/-5%) of adults (18+) who have a college/university diploma/degree have never smoked.

Data Limitations:

1. Questions are only asked of adult residents aged 18+.
2. The telephone survey is only conducted in English.
3. Results are based on self-reported behaviours.
4. (*) indicates that results are based on small sample size; thus, estimates have high variability.
5. (**) indicates the data is not released due to small sample size.

Data Notes:

1. Missing responses are not included in the analysis.
2. 'Do not know' and 'Refused' responses are analyzed according to RRFSS Analysis Guidelines.
3. The 95% confidence limits are the range of variability for a population estimate. There is a 95% probability that the **true** estimate is within that range.
4. Release criteria of the data are according to RRFSS Analysis Guidelines.
