

**Haliburton, Kawartha, Pine Ridge District Health Unit
RRFSS 2006 (Jan-June) - Eat Smart**

Percent of adults (18+) that said that Eatsmart! Program had influence on what they selected from the menu, RRFSS 2006 (Jan-June)

Influence of Eatsmart! Program on the menu selected	Proportion	95% upper confidence limit	95% lower confidence limit
Yes	39.7%	52.0%	27.4%
No	55.4%	67.9%	42.9%
Don't know / Refused (**)	--	--	--

sample size 62 **Not released

Interpretation:

Figure 1:

39.7% (+/-12.3%) adults (age 18+) said that the Eatsmart! Program have influence on what was selected from the menu

55.4% (+/-12.5%) adults (age 18+) said that the Eatsmart! Program did not have influence on what was selected from the menu

* Data released with warning to interpret with caution due to high variation

** Data not released for adults who did not know the answer or refused to answer due to small cell size

Limitations:

1. Questions only asked of adult residents aged 18+
2. Telephone survey only conducted in English
3. Results are based on self-reported behaviors.
4. (*) indicates that results are based on small sample size, thus estimates have high variability

Notes:

- 1) The numbers in the tables and graphs are weighted.
- 2) Missing responses are not included in the analysis.
- 3) Don't know and refused responses are analyzed according to RRFSS analysis guideline.
- 4) Release criteria of the data is according to RRFSS analysis guideline.

* Interpret with caution, high variability.

** Data not released.
