

## Rapid Risk Factor Surveillance System

### Haliburton, Kawartha, Pine Ridge District Health Unit RRFSS 2006 (Jan-Dec) - hours of work

#### Percent of adult (18+) by hours of work , RRFSS 2006 (Jan-Dec)

| Hours of work             | Proportion | 95% upper confidence limit | 95% lower confidence limit |  |
|---------------------------|------------|----------------------------|----------------------------|--|
| regular day time          | 59.7%      | 63.5%                      | 55.9%                      |  |
| regular evening*          | 3.3%       | 4.7%                       | 1.9%                       | *Interpret with caution                    |
| regular night*            | 2.0%       | 3.0%                       | 0.9%                       | *Interpret with caution                    |
| rotating shift            | 10.7%      | 13.1%                      | 8.3%                       |  |
| split shift(**)           |            |                            |                            | ** Not released                            |
| on-call*                  | 2.7%       | 3.9%                       | 1.4%                       | * Interpret with caution, high variability |
| irregular shift           | 16.1%      | 18.9%                      | 13.3%                      |  |
| other*                    | 3.2%       | 4.6%                       | 1.9%                       | *Interpret with caution                    |
| Don't know / Refused (**) |            |                            |                            | **Not released                             |

sample size 1193

#### Interpretation:

|                 |   |
|-----------------|---|
| 59.7% (+/-3.8%) | adults (age 18+) reported that they work regular morning shifts |
| 3.3% (+/-1.4%)  | adults (age 18+) reported that the work regular evening shifts  |
| 2.0% (+/-1.1%)  | adults (age 18+) reported that they work regular night shifts   |
| 10.7% (+/-2.4%) | adults (age 18+) reported that they work in rotated shifts      |
| 2.7% (+/-1.2%)  | adults (age 18+) reported that they work on call                |
| 16.1% (+/-2.8%) | adults (age 18+) reported that they work in irregular shifts    |
| 3.2% (+/-1.4%)  | adults (age 18+) reported that they work in other shifts        |

**Limitations:**

1. Questions only asked of adult residents aged 18+
2. Telephone survey only conducted in English
3. Results are based on self-reported behaviors.
4. (\*) indicates that results are based on small sample size, thus estimates have high variability.

**Notes:**

- 1) The numbers in the tables and graphs are weighted.
  - 2) Missing responses are not included in the analysis.
  - 3) Don't know and refused responses are analyzed according to RRFSS analysis guideline.
  - 4) Release criteria of the data is according to RRFSS analysis guideline.
- \* Interpret with caution, high variability.  
\*\* Data not released.
